PERSONAL INJURY PROTECTION COVERAGE

INSURING AGREEMENT

A. We will pay, in accordance with the Minnesota No-Fault Automobile Insurance Act, personal injury protection benefits to or for an "insured" who sustains "bodily injury". The "bodily injury" must be caused by:

1. An accident arising out of the maintenance or use of a "motor vehicle" as a vehicle; or
2. Being struck by a motorcycle.

B. Subject to the limits shown in the Declarations or Schedule, these benefits consist of the following:

1. Medical Expenses

All reasonable expenses incurred for necessary:

- a. Medical, surgical, x-ray, optical, dental, chiropractic and rehabilitative services, including prosthetic devices;
- b. Prescription drugs, as provided under the Minnesota No-Fault Automobile Insurance Act;
- c. Ambulance and all other transportation expenses incurred in traveling to receive other covered medical expense benefits;
- d. Hospital, extended care and nursing services; and
- e. Sign interpreting and language translation services, other than such services provided by a member of the "insured's" family, related to the receipt of medical expenses provided under this provision (B.1.).

Medical Expenses:

- a. Include necessary remedial treatment and services recognized and permitted under Minnesota law for an "insured" who relies upon spiritual means through prayer alone for healing in accordance with that "insured's" religious belief.
- b. Do not include expenses in excess of those for a semiprivate room unless more intensive care is medically required.

2. Work Loss

- a. 85% of loss of gross income resulting from the "insured's" inability to work on a regular basis. This includes costs a self-employed "insured" incurs in hiring substitute employees to perform tasks which:
 - (1) Are necessary to maintain the "insured's" income;
 - (2) The "insured" normally performs; and
 - (3) The "insured" cannot perform because of "bodily injury".
- b. Lost unemployment benefits equal to the unemployment benefits otherwise payable if an "insured":
 - (1) Is unemployed at the time of "bodily injury" and is receiving or is eligible to receive unemployment benefits; and
 - (2) Becomes ineligible for unemployment benefits because of the inability to work due to "bodily injury".

Lost unemployment benefits shall be reduced by any income:

3. Essential Services

Expenses reasonably incurred beginning eight days after the date of the accident, by an “insured” during his lifetime, for usual and necessary substitute services instead of those that the “insured” would have performed, had he not sustained “bodily injury”, not for income but for the direct benefit of himself or his household. If the non-fatally injured “insured” normally provides care and maintenance of a home, with or without children, as a full-time responsibility, essential services will be equal to the reasonable value of such care and maintenance.

4. Funeral Expenses

Reasonable expenses for professional funeral and burial services. This includes expenses for cremation or delivery under the Minnesota Uniform Anatomical Gift Act.

5. Survivors' Loss

a. Loss Of Contributions

Loss of money or tangible things of economic value, other than services, that the “insured's” surviving dependents would have received from that “insured” for their support during their dependency if the “insured” had not died. The “insured's” death must occur within one year from the date of the accident.

b. Substitute Services

Expenses reasonably incurred by surviving dependents, after the “insured's” death, for ordinary and necessary services instead of those the “insured” would have performed for their benefit had the “insured” not died. Substitute services do not include expenses of the surviving dependents which are avoided due to the “insured's” death.

The dependency of:

- a. The surviving spouse shall end when that spouse remarries or dies.
